MS2 are powerful pro-gaming 2.1 speakers. Due to their 20W RMS-power, distributed between subwoofer and satelites, these speakers offer superb sound quality.

The 5 speaker-drivers, 3 of them passive and 2 active, get extreme sound quality and performance. And, also, MS2 has extremely good bass performance, thanks to the awesome 2.1 subwoofer system.

MS2 are powered by USB, for smarter operation and maximum sound power and utility.
